Dear Readers,

The *Annals of Parasitology* (formerly *Wiadomości Parazytologiczne*) is an official, peer reviewed quarterly of the Polish Parasitological Society. The Journal publishes original papers, review articles, and short notes in the fields of parasitology, mycology, and related disciplines. It also accepts interdisciplinary articles, scientific conference proceedings, book reviews. An important mission of our journal is to inform our readers about the activities of the Polish Parasitological Society and advancement of parasitology both in Poland and elsewhere.

The *Annals of Parasitology* is issued in printed form, with abstracts and full verion as PDF files of original papers and review articles being also available on: <http://www.ptparasit.org.pl>

The *Annals of Parasitology* (formerly *Wiadomości Parazytologiczne*) is internationally indexed in *Helminthological Abstracts*, *Protozoological Abstracts*, *International Abstracts of Biological Sciences*, BIOSIS, AGRO-LIBREX, EBSCO, Global Health, Thomson Reuters Master Journal List and is annually evaluated in *Index Copernicus*.
