## Cellular & Molecular Biology Letters

ISSN: 1425-8153 (Print) 1689-1392 (Online)

### Description

Cellular & Molecular Biology Letters focuses on research at the interface of cellular and molecular biology, and also on the fields of biochemistry, biophysics and biotechnology. The range of coverage includes cellular compartments, the cell cycle and its regulation, cell differentiation, stem cells, cell traffic, signaling, motility, adhesion and division, the cellular membranes, the cytoskeleton, nuclear architecture, gene ...
