Welcome to the BGCS

The British Gynaecological Cancer Society (BGCS) is a society of professionals dedicated to improving the care provided to patients with gynaecological cancers. We hope that you will find the new society website a useful, reliable and up-to-date resource of information within the specialty. We look forward to receiving your comments.

Worried or Concerned?

If you, a family member or a friend have concerns about a suspected gynaecological cancer, or have been recently investigated for or diagnosed with cancer, please see our [public information](#) pages for advice and [links](#) to useful resources.

The BGCS welcomes applications for membership to the society from healthcare professionals and scientists with an interest in any aspect of gynaecological oncology. Information relating to the role of the BGCS and the meetings and conferences it supports can be found on the website. To find out more about becoming a member, please refer to the [membership](#) information page. If you wish to apply for membership we would be grateful if you could complete this short [form](#) to let us know to expect your full application.
