Current issue: Vol: 72 No: 3

The Polish neuroscience quarterly

Acta Neurobiologiae Experimentalis covers all aspects of neuroscience, from molecular and cellular neurobiology of the nervous system, through cellular and systems electrophysiology, brain imaging, functional and comparative neuroanatomy, development and evolution of the nervous system, behavior and neuropsychology to brain aging and pathology, including neuroinformatics and modeling. We provide free access to over 1500 full text PDFs from all articles published in ANE since 1970!

Impact Factor 2.1

5-Year Impact Factor 1.905
Citation Half-Life 6.5 years
