Baltic Journal of Health and Physical Activity is the first issue of a journal that has existed on the publishing market since 1994, namely *Research Yearbook. Studies in Physical Education and Sport*. The new journal continues the good scholarly tradition initiated and successfully developed by *Research Yearbook* bringing the scholarly output on an international arena. The journal publishes articles presenting the views of all scientific disciplines dealing with healthy life-style and physical activity of a human being. All articles are reviewed guaranteeing the highest scholarly level.
